Source: ONS Labour Force Survey (LFS)

¹ Men aged 16-64 and women aged 16-59

² Includes those who did not state their country of birth

³ Includes those who did not state their type of employer.

⁴ Includes nationalised industry or state corporation, central government,

civil service, local government or council (incl. police, fire services & local authority controlled schools or colleges),

university or other grant funded educational establishment, health authority or NHS trust,

armed forces, other kind of organisation.

It should be noted that these estimates:-

- are based on survey respondents' views about the organisation for which they work

- do not correspond to the National Accounts definition used for Public Sector Employment estimates

Note Comparable data not available for 1998 and 2000
